

South-East European Business Events

ENERGY EFFICIENCY & RENEWABLE ENERGY

Congress & Exhibition

13-15 April 2011 – IEC, Sofia, Bulgaria

WASTE MANAGEMENT & RECYCLING

Conference & Exhibition

Focus Country of Save the Planet:

Partner Country of Save the Planet:

With the Support of:

Sponsors:

Official Hotel:

Organizer:

www.viaexpo.com

TAKE ADVANTAGE OF OUR EARLY-BIRD REGISTRATION TILL 13 MARCH!

CONNECT TO THE REGIONAL MARKET OF RENEWABLE ENERGY & ENERGY SAVING TECHNOLOGIES, TURNING WASTE TO RESOURCE

JOIN THE SOUTH-EAST EUROPEAN BUSINESS EVENTS AND:

- Learn about the latest technological developments
- Hear the opinions of the sectors' business leaders
- Understand the financial and economic issues affecting the market
- Connect with leading companies working in EE, RES and Waste Management

THE EE & RES CONGRESS

- Five sessions updating you on industry challenges and technical development
- First business forum **Solar Balkans** organized by the Bulgarian PV Association, SolarPVConsulting and Via Expo
- Special hot session Waste-to-Energy transfer covering renewable energy and waste as energy resource
- Guest seminar **Good Practices of Cities Committed to the Climate Local Actions**, organized by ICLEI-for South-East European municipalities

THE WASTE MANAGEMENT CONFERENCE

- **3 sessions:**
Waste Management, Recycling and Waste-to-Energy

THE EXHIBITIONS

Over 200 exhibitors from 21 countries displaying the latest industry products and services from leading manufacturers, component suppliers and other EE, RES and waste management organizations.

NETWORKING

Over 7000 professionals – industry experts, investors, decision makers and researchers.

The exhibition will be in 3 halls – Hall 1, Hall 2 and Hall 5. Next to Hall 5 will be the conference halls, catering zone and the exhibitors' lounge with free refreshments. We cordially invite delegates and exhibitors to register for the get-together party on the evening of 13th April, 2011.

3 DAYS FULL OF EVENTS!

- 96 high-level presentations of speakers from 28 countries
- 1st **b 2 b** Solar Balkan Forum
- 1st Waste-to-Energy Forum
- 5 exciting panel discussions
- Company on-booth presentations
- Live transmissions of panel discussions and interviews with key actors by SolarPV.TV

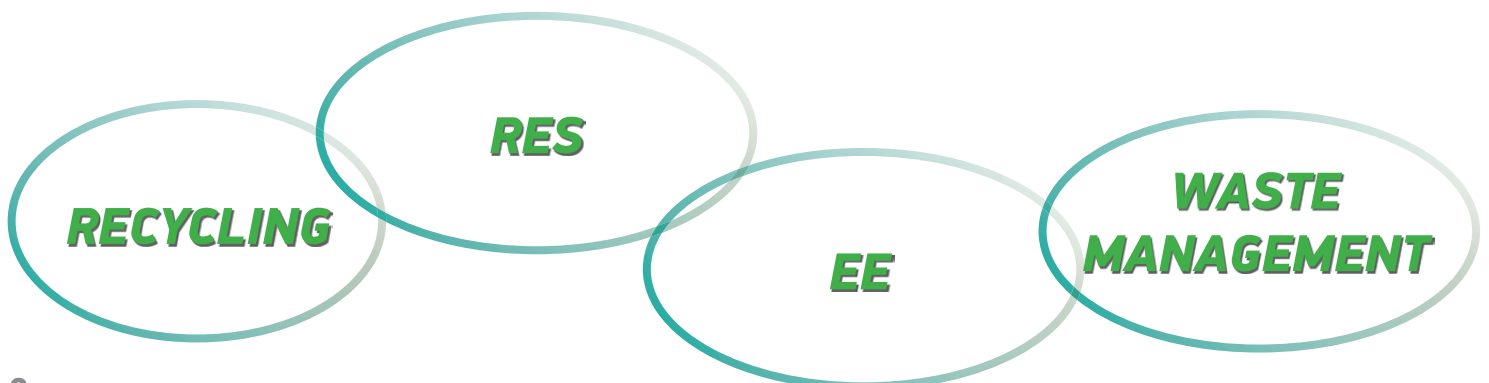

SOCIAL EVENTS

- Delegates and exhibitors reception on 13th April
- Solar bowling party on 14th April

59 MEDIA PARTNERS & 70 PARTNERS from BULGARIA and WORLDWIDE

WHO SHOULD ATTEND

- Governmental and Local Policy Makers
- Municipality Experts
- Industry Executives in Energy Efficiency, Renewable Energy, Waste Management & Recycling
- Experts and Researchers
- Investors and Financial Institutions
- Power Utility Executives
- Branch Associations
- Landfill/Waste Operators
- Environmental Organizations
- Project and Business Developers
- Architects, Contractors and Civil Engineers
- Editors-in-chief, Reporters, Journalists

EVENT AT A GLANCE

MEET AND HEAR TOP-LEVEL INDUSTRY SPEAKERS

Take advantage of the unique opportunity to meet key decision-makers from South-East Europe and join industry leaders in a forum for future environmental development of the region. More than 90 top-level speakers will give their perspectives on green economy.

		Hall 5	Hall 6
13 APRIL, 09.00 - 19.00			
DAY 1	08.00 - 08.50	On-site Registration	
	09.00 - 09.30		Official Opening
	09.30 - 13.00	Waste Management	EE & RES Financing
	14.00 - 17.30	Waste Management	EE & Decentralized Energy
Exhibition Halls 1, 2, 5	10.00 - 19.00	Exhibition Working Hours	
	19.30	Reception	
14 APRIL, 09.00 - 19.00			
DAY 2	09.00 - 13.00	Solar Balkans	Waste-to-Energy
	14.00 - 17.30	Solar Balkans	Waste-to-Energy
	16.00 - 18.00		Recycling
Exhibition Halls 1, 2, 5	10.00 - 19.00	Exhibition Working Hours	
	20.00	Solar Bowling party	
15 APRIL, 09.00 - 18.00			
DAY 3	09.00 - 13.00	Solar Balkans	Municipalities RES Development Benefits - Partnership Models
	14.00 - 17.30	Good Practices of Cities Committed to the Climate Local Actions	RES Electricity & Smart Grid Platform
Exhibition Halls 1, 2, 5	10.00 - 17.30	Exhibition Working Hours	

On-site Registration

on 12th April from 12.00 noon – 6.00 p.m.
at IEC Central Entrance and at Metropolitan Hotel

Everyday Exhibitors' Presentations within Their Stands:

11:00	American Way Bulgaria (1-45)	Inverters Power One - Aurora
13:00	American Way Bulgaria (1-45)	Inverter brand independent Monitoring SolarLog
15:00	American Way Bulgaria (1-45)	On and Off grid smart solution – PowerRouter.
<i>For updated info visit http://www.viaexpo.com</i>		

SPECIAL AREA FOR b2b MEETINGS

Seven days before the event participants will receive a password to review the list with the speakers, exhibitors, registered attendees and VIP guests. Accelerate the networking and deal-making process by planning yourself pre-arranged business meetings with fellow delegates and leading solution providers!
A special b2b Meeting area will be available for you next to Hall 5.

PROMOTIONAL SPONSORSHIP OPPORTUNITIES

Sponsorship is a conscious investment in your company image and an efficient way to increase your brand awareness. Via Expo invites you to become a **SPONSOR** of the **most influential forum for South-East Europe on EE, RES and Waste Management**. Sponsor packages are shaped to meet your budget and marketing objectives. Except our standard packages, we would be very delighted to customize sponsorship.
Use your sponsorship as an integrated communication tool to reach an exclusive group of participants with lasting effect.
Over 7 000 trade visitors will be at the Exhibition from the construction industry, power engineering, energy saving technolo-

gies and products, waste management and recycling, ecology and investment sector. Also present will be representatives of state, regional and local authorities.

Details on sponsorship packages are available from Nelly Vlaykova (nelly_v@viaexpo.com) or at tel.: +359/32 945 459.

Take advantage of the event sponsorship opportunities and present your company products and services to a highly specialized international audience!

Register now at www.viaexpo.com!

PROGRAM

Update 28 February 2011

13 April – Hall 6

9.00 OFFICIAL OPENING

10.00 Energy Efficiency & Renewable Energy Financing

- Sustainable and Responsible Investment, ESG (Environmental, Social, Corporate Governance) Integration in Investment Practices – **M. Christensen**, EUROSIF (European Sustainable Investment Forum), France
- Public Private Partnerships – Applicability for EE & RE Finance – **L. Stevens**, Finance in Motion GmbH, Germany
- Structural Funds for Financing EE & RES Projects in Bulgaria – **N. Danchev**, Ministry of Regional Development and Public Works, Bulgaria
- Funding RES Projects under Rural Development Program – Ministry of Agriculture and Food – Rural Development Program, Bulgaria
- Financing Structures for RES Projects in SEE: the Current Market, **M. Mayr**, UniCredit Leasing S.p.A., Austria
- Ex-Im Bank Renewable Energy Products – Solar Express Program – **T. Kim**, Ex-Im Bank, USA
- New Shape of Solar – **P. Drahos**, Solyndra; USA
- Assisting Cities and Regions in Preparation of Sustainable Energy Projects for EIB Funding – European Local Energy Assistance Facility /ELENA/, Luxemburg

Discussion: EE & Renewable Financing

Moderator: A. de Pool, Environmental Investment Partners, Poland

Recent challenges to the growth of renewables both from the legislative and the economic fronts? Why SEE is an up and coming area for RES investment – and which areas are an exception to the rule? How can local developers compete with international firms or vice versa?

14.00 Energy Efficiency and Decentralized Energy

Moderator: D. Sweet – World Alliance for Decentralized Energy (WADE), USA

- Current State of Energy Efficiency in Bulgaria, **K. Kolev**, Energy Efficiency Agency, Bulgaria
- Engines in Combined Heat and Power System – **T. Stenhede**, Wärtsilä, Finland
- The Use of Waste Heat for Drying of Biomass Specially Sewage Sludge – **H. Haaring**, Dorset Green Machines, the Netherlands
- Overview of Decentralized Energy and Provide Some of WADE Research Results that Demonstrate the Ability to Reduce Pollution and Delivered Power Costs – **D. Sweet**, WADE, USA

Discussion: Technologies to Reduce Regional CO₂ Emissions and the Cost of Power

- The Belgian Situation in Terms of Passive House Standard – **S. Moreno-Vacca**, Belgium Passive House Platform
- Master and Post Graduate Education and Training in Multidisciplinary Teams Implementing EPBD and Beyond (IDES-EDU) – **P. OP 't Veld**, Cauberg-Huygen Raadgevende Ingenieurs BV, the Netherlands
- Ongoing Activities of EE in Serbia – **B. Kovacic**, Serbian EE Agency, Serbia
- Sustainable Architecture in Bulgaria. 2020 minus 9 – **N. Galabov**, Chamber of Architects in Bulgaria

13 April – Hall 5

10.00 Waste Management

- Reflections on European Waste Management – **C. Jackson**, Environmental Protection, UK
- Waste Life Cycle Thinking and Assessment in Transition Countries – **A. Mihajlov**, Environmental Ambassadors/ Educons University, Serbia
- Integrated Infrastructure Development Planning – **M. Kukobat**, Regional Cooperation Council /RCC/, Bosnia and Herzegovina
- Operational Programme Environment and Funding Opportunities for Municipality Waste Management Systems and Waste Water Infrastructure – Ministry of Environment and Water, Bulgaria
- Dutch Approach to Waste Management – **H. Huisman**, NL Agency, NL Environment, Waste Management Department, the Netherland

>>> 13 April – Hall 5

- Local Governments Commitment, Views and Challenges within the European Framework – **J. Balint**, Regional Environment Centre, Hungary
- A Total Solution to Recycling and Waste Management for a Municipality – **P. Dunn**, Greater Manchester Waste Disposal Authority, UK
- Collection and Transportation Technology – **Th. Lemmen**, Geesinknorba, the Netherlands
- Utilizing Unusable Space: Solar (Photovoltaic) Installations on Working Landfills – **A. Bodenhagen**, Solar Integrated Technologies, Germany
- From Cluster Approach to Supply Chain Management of “Made in Europe”: Results from IMAGINE Project – **F. Testa**, Scuola Superiore di Studi Universitari Sant’Anna, Italy
- Improving Waste Management System According to EU Requirements in Lithuania – **G. Sulijene**, University of Vilnius, Lithuania
- Waste Management in UK & Turkey: Policy Issues and Implementation – **A. Kocabas**, Mimar Sinan Fine Arts University, Turkey
- Construction Waste – the Road to Resource Efficiency – **C. Taylor**, Resource Efficiency Pathway, UK
- Evaluating the Differences of IPPC Directive Implementation in Landfill Sector: Results from MED IPPC NET Project – **T. Daddi**, Scuola Superiore di Studi Universitari Sant’Anna, Italy
- Quantification of Landfill Gas (LFG) Production, Emission and Energy Benefits – **R. Gronert**, NV Afvalzorg Holding, the Netherlands

14 April – Hall 5

9.00 Solar Balkans

For the Forum Program, please visit www.viaexpo.com

14 April – Hall 6

9.00 Waste-to-Energy

Moderator: I. Steinberg, Eggersmann Anlagenbau, Germany*

- WtERT Trend Developments in Europe in Terms of What to Expect in the EU-15 in Contrast to EU-12 – **S. Malek**, Waste-to-Energy Research and Technology Council, Germany
- State-of-the-art in Waste Incineration – **F. Neubacher**, Neubacher & Partner GmbH, Austria
- The State of W2E in Canada: An Overview of Policy Options and Political Challenges – **J. Foden**, Canadian Energy-from-Waste Coalition, Canada
- Waste-to-Energy Practices and Technologies in Japan – **M. Grabda**, MRAM, Tohoku University, Japan
- German Experiences with Thermal Treatment Processes – **Y. Noel**, Technical University Aachen, Germany
- Waste-to-Energy as Part of the International Resource Management – **B. Birnstengel**, Prognos AG, Germany
- KOMPOFERM®-Systems for MBT Technology in Bulgaria: case study MBT Plant Varna – **I. Steinberg**, Eggersmann Anlagenbau, Germany
- Production of Bio-energy as a Consequence of Vertical Integration of Agribusiness Company – **G. Blagojevic**, Pediment, Serbia
- Production of Useful Fuels and Electricity from Biomass and Waste Resources – **K. Yoshikawa**, Tokyo Institute of Technology, Japan
- Waste Management and Waste-to-Energy in Slovenia – **V. Grilc**, University of Ljubljana, Slovenia
- Plasma Resource Recovery System – Cities without Garbage – Industry without Waste – **P. Rakin**, IHIS, Serbia
- The Current State of Waste Management in the USA and How Waste-to-Energy Faces Barriers in the Implementation of New Plants – **R. van Haaren**, Columbia University, USA
- Municipal Waste Management and Waste-To-Energy Projects in Poland – **G. Wielgosiński**, Technical University of Lodz, Poland
- Incinerator Refractory and Waste Management – **K. Martin**, Mokesa AG, Switzerland
- Potential Drivers and Current Barriers to Waste-To-Energy – **V. Schulte**, Association of German Waste-to-Energy Plants (ITAD e.V), Germany

* Invited

>>> 14 April – Hall 6

16.00 Recycling

- Bulgarian Association for Recycling
- Experiences from TV-Monitor (CRT Glass) Recycling – **Th. Oberle**, TOM Thomas Oberle Marketingberatung, Germany
- Biomass Utilization. Recycling of Used Tyres with Presses of Amandus Kahl – Presentation of K. A. Technology, Bulgaria
- Flat Glass Recycling – **P. Bartels**, Maltha, the Netherlands
- PV CYCLE: The Voluntary European Take Back and Recycling of End-Of-Life Photovoltaic Modules – **J. Clyncke**, PV CYCLE, Belgium
- Performance of Bitumen–Scrap Rubber Blends in Pavement Applications – **M. Matoug**, Libya

15 April – Hall 5

9.00 Solar Balkans

For the Forum Program, please visit www.viaexpo.com

14.00 Low-Carbon Communities – Mayors Meet Opportunities Free workshop for local and regional authorities organized by LG Action

- Trends and Opportunities to Accelerate the Tempo of Sustainable Energy Roll-out in South-Eastern European Cities – **J. Balint**, Senior Expert, Regional Environment Centre, Hungary
- The Local Government Network Importance to Support Sustainable Energy Strategy – UBSLA, Bulgaria
- The City of Burgas: a Covenant of Mayors Experience – Deputy Mayor of the City of Burgas, Bulgaria
- Energy Efficiency Good Practice: First Low Energy Elementary School of Slovenia: Deputy Mayor of Brezovica, Slovenia*
- Optimising the Waste Hierarchy for Energy Recovery – **H. Xirou**, Waste Expert, ACR+*
- Renewable Energy Zaber's Experience – Deputy Mayor of Zaber, Croatia
- Other Local Representatives (mayors, LG associations) from CEE States Committed in Sustainable Energy Projects*
- Keynote Speeches from an LG Association and National Government Representative. Interactive Discussion. Conclusions.

15 April – Hall 6

13.30 RES Electricity & Smart Grid Platform

- Integration of Wind Generation in Romanian Power System – **A. Cilcic**, Tractebel Engineering S.A., Romania
- Delivering Efficiencies across the Integrated Solar Value Chain – **K. Schmidt**, REC Solar Germany GmbH, Germany
- Vestas Activity in Bulgaria – **P. Marinkov**, Vestas Bulgaria
- Gamesa New Technology Offer for the Bulgarian Market – **J. Larraneta**, Gamesa, Spain
- Smart Grid: ICT Architecture Approach to Smart Grid Investments – **R. Adam**, Cisco, Germany
- Grid Integration and Grid Development from a Financial and Regulatory Perspective – **K. Lefkowitz**, Bulgarian Wind Energy Association
- Co-operation with Municipalities & Benefits of Wind Energy for the Public – **S. Noethlichs**, Bulgarian Wind Energy Association, Bulgaria
- Pilot Project "Smart Grid" – Development of the Concept of PV Integration into Low-voltage Distribution Network – CEZ-Bulgaria, BAS
- Enhancing the Measurements Layer and Energy Efficiency Goals in Smart Grids. Experience from SEE-Hydropower and IEE – Smart Regions Projects – **M. Albu**, Jyvaskylä Innovation Ltd., Finland
- Key Success Factors for PV Project Realization – **V. Tabutov**, Alliance of Producers of Ecological Energy, Bulgaria
- Cooperation Mechanisms in Practice – **S. Valchev**, Nvalue Energia, Bulgaria

* Invited

REGISTRATION FEES

The Registration is only on-line at www.viaexpo.com! Deadline for Registration is 7th April 2011.

EE & RES CONGRESS

SESSION	DAY	EARLY-BIRD TILL 13.03.2011	REGULAR FEE TILL 03.04.2011	PAYMENT AFTER 03.04.2011
EE & Renewable Financing	13 April	68 €	80 €	96 €
EE & Decentralized Energy	13 April	68 €	80 €	96 €
Waste to Energy	14 April	145 €	170 €	204 €
RES Electricity & Smart Grid Platform	15 April	68 €	80 €	96 €
3 days Fee	13-14-15 April	320 €	370 €	450 €

WASTE MANAGEMENT CONFERENCE

SESSION	DAY	EARLY-BIRD TILL 13.03.2011	REGULAR FEE TILL 03.04.2011	PAYMENT AFTER 03.04.2011
Waste Management	13 April	119 €	140 €	168 €
Waste to Energy	14 April	145 €	170 €	204 €
Recycling	14 April	51 €	60 €	72 €
2 days Fee	13-14 April	268 €	315 €	378 €

* 20% VAT is applicable to the above quoted prices.

REGISTRATION FEE INCLUDES:

Conference proceedings on CD, simultaneous interpreting, free access to the exhibition, coffee-breaks, exhibition catalogue, access to on-line b2b appointments seven days prior to the event and during it. If two-or more persons from one organisation attend the Conference, the first pays the full fee, the rest receive 10% discount each. The reduction applies to companies that do not use other discounts.

For every 3 paid attendees the forth will participate for free. 40% Discounted fee for governmental, municipal and academic officials, students. The reduction applies to participants that do not use other discounts. The promotion expires after 3 April 2011. Payment after 3 April will be at regular fee. Verification of student status (age less than 28 years); needed: personalized letter from the university proving the full-time student status and a copy of ID card. Please send scanned copies to office@viaexpo.com.

LUNCH (per day)	COCKTAIL INVITATION, 13 APRIL, 19 h. (for participant)	COCKTAIL INVITATION, 13 APRIL, 19 h. (for accompanying person)
10 €	18 €	30 €

* 20% VAT is applicable to the above quoted prices.

PAYMENT

The registration fee should be paid before the event by bank transfer. The bank details are given at the website after you register.

PARTICIPATION CANCELLATION

If you cancel up to March 25th, 2011 (only in written form), 50 Euro administrative costs will be charged. After this date there is no refund. It is possible to transfer a booked pass to another person.

NOTE: Your details will be not be given to a third party. You will receive regular business information by e-mail. If you wish not to receive this information, please, inform the organiser.

INVITATION TO VISIT THE EXHIBITION

Please complete the invitation or attach your business card and present it at the Visitor Registration Desk to be admitted to the Exhibition area and receive a free copy of the exhibition catalogue.

South-East European Business Events

13-15 April 2011 – IEC, Sofia, Bulgaria

AUSTRIA – FOCUS COUNTRY OF THE WASTE MANAGEMENT FORUM

Austria's waste industry is regarded as one of the best in the world due to the high standards of domestic waste management companies that fulfilled numerous pioneer works. Austrian firms were obliged early in the past because of strict national legislation to invest in equipment to reduce the environmental impact. The sector consists of more than 3.300 companies. With almost 33,000 employees – two thirds of which are laborer – the sector generates an annual turnover of over EUR 4 billion.

The yearly volume of investments from firms in the waste management business reaches about EUR 260 million. The sector's performance can be illustrated through the following numbers: around 9,500 trucks as well as 79,500 containers and troughs are in use in Austria. There is high demand for qualified employees in the waste management sector: In the course of a year, 2,400 new jobs have been created.
